

EMERGENCY MEDICAL ASSISTANCE

Established in 2003, Flinders EMA Worldwide Emergency Medical Assistance has grown in reputation as a leading international and regional medical transportation specialist. We have transported patients ranging from basic road accidents to the ventilated and critically ill within South East Asia and Internationally to USA, UK, Australia, Europe and India.

Our Flight Co-ordinators and Physicians are dedicated to arrange fast, cost effective full bedside to bedside emergency medical transport for patients. As each patient is unique in all circumstance, each medical mission is coordinated, based on individual patient needs.

Physician manned 24hr, 365 Days a year Emergency Medical Call Center

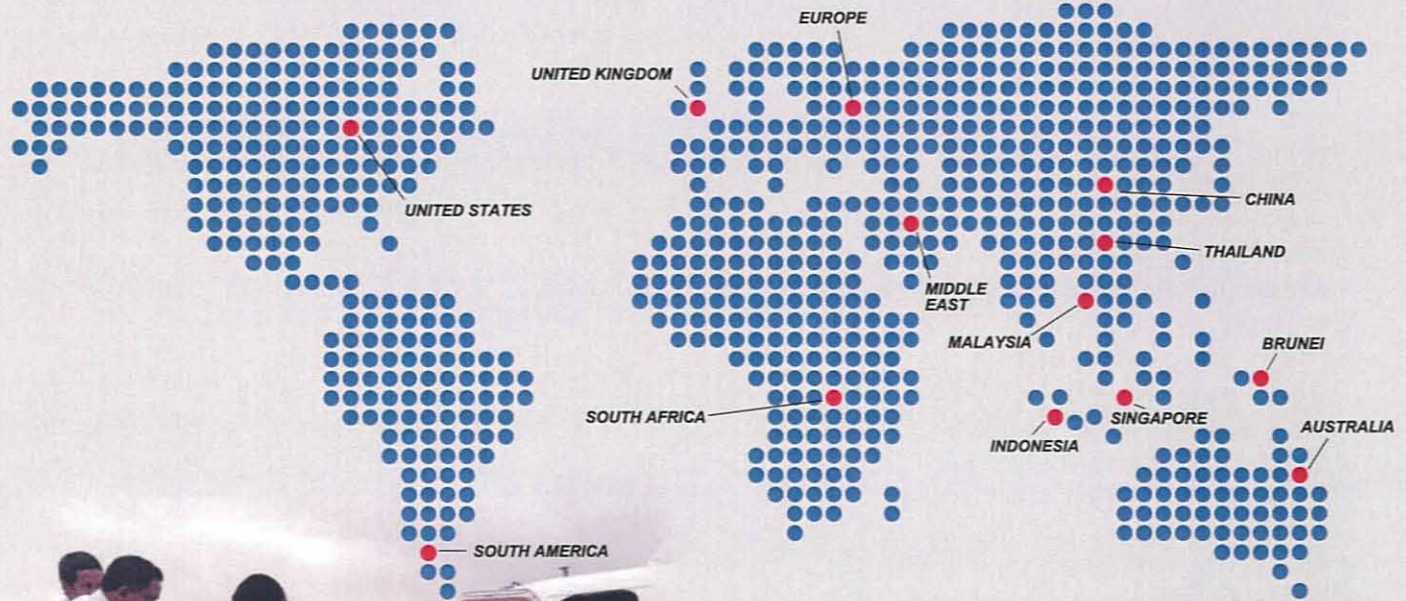

At Flinders EMA, we pride ourselves with our **Physician Direct** Medical Call Center - where you speak to our Resident Aeromedical Doctor directly for ALL Patient Transfers 24hours a day 365 days a year to ensure smooth Inter-hospital/facility co-ordination, proper patient immigration clearance and insurance paperwork to maintain our 100% patient orientated safety record.

Our Planes are strategically located in Singapore and within South East Asia and Internationally for both efficient and rapid deployment when the need arises.

We have affiliated medical facilities, both regionally (South East Asia) and internationally. Our medical team are highly skilled, aero-medically trained and multilingual. The Team is directed by Resident Medical Director - Dr. Kevin U. Chan, trained in Australia with 15 years of Advanced Cardiac and Trauma Life Support experience. Other members of our team include:

- 1) Specialist, Critical care and Cardiac Physician
- 2) ICU-CCU Certified Register Flight Nurses
- 3) Advance Life Support Critical Care Flight Paramedics

Our Price guarantee assures that your family member or patient will receive competitive pricing on air and/or other medical transport choices to anywhere in the world.
